# CRISIS INTERVENTION TRAINING

## FREE Training to Learn How to Support Victims of Violence

This 69-Hour Training invites a host of experts to explore topics related to domestic violence, sexual violence, and child abuse. Completing this training certifies volunteers to provide direct services at Sierra Community House (formerly Family Resource Center of Truckee, North Tahoe Family Resource Center, Project MANA, Tahoe SAFE Alliance) and make our community a safer place.

This is a great opportunity for anyone interested in preventing violence and serving victims of trauma.
